

**State of Alabama Board of Licensure for Professional Engineers
and Land Surveyors**

Disciplinary Actions

September 10, 2004

Mr. **Ralph Burks**, non-licensee, owner of **B & B Engineering & Design**, a non-certificated firm, agreed to a Consent Order dated August 29, 2004 in reference to the name of his company containing the title engineering without employing a licensed Alabama professional engineer and obtaining a certificate of authorization for engineering from this Board and presenting engineering design plans for a project, without the knowledge of the engineer, that were copies of the engineer's design from a previous project. Mr. Burks agreed to remove the title "engineering" from his firm's name within ninety days, to pay \$2,500.00 to the state of Alabama General Fund and to pay \$319.06 to the Board as administrative cost of the investigation.
